2. Paragraph 37 should read

37. After the adoption of the draft decision, the representative of Ghana (on behalf of the States members of the Group of 77 and China) expressed satisfaction at the fact that the first guideline for the negotiations reaffirmed the continued validity of the relevant resolutions of the General Assembly. He expected that the principles enshrined in them, taking account of the concerns of all States and in particular countries in the developing world, would be fully reflected in the framework convention. He also expressed satisfaction that the concerns of humankind, as a whole, would be approached in the convention in an integrated and holistic manner.
